

45FT CURTAIN-SIDED FREIGHT CONTAINERS

45FT CURTAIN UNIT

UNIT45 developed the 45ft palletwide curtainsided container to meet its customers' need for a product that could provide full side access. The curtain-sided container is able to load 33 euro pallets and offering full width access. Like the standard dry freight

container, the curtain-sider is built using the same high-strength steels and light-weight flooring materials so as to minimise tare weight. Curtain-siders need no special treatment when in the container terminal or on a ship.

CURTAIN UNIT TYPE A+: LIGHTWEIGHT BAMBOO FLOOR

external dimensions

length: 13716 mm
width: 2550 mm
height: 2896 mm

internal dimensions

length: 13551 mm
width: 2450 mm
height: 2468 mm

door opening

door width: 2420 mm
door height: 2355 mm

side opening dimensions

length: 12620 mm

height under pelmet: 2368 mm

ratings

max. gross weight: 34000 kgs
tare weight: 5915 kgs

capacity

81 m³
europallet (1200 mm x 800 mm) 33
iso pallet (1200 mm x 1000 mm) 26

max. payload

28085 kgs

XL approved for high-speed train / EN 12641-2
