MODULAR GRANDSTANDS

UNIT45 has developed a modular grandstand system compatible within the container infrastructure.

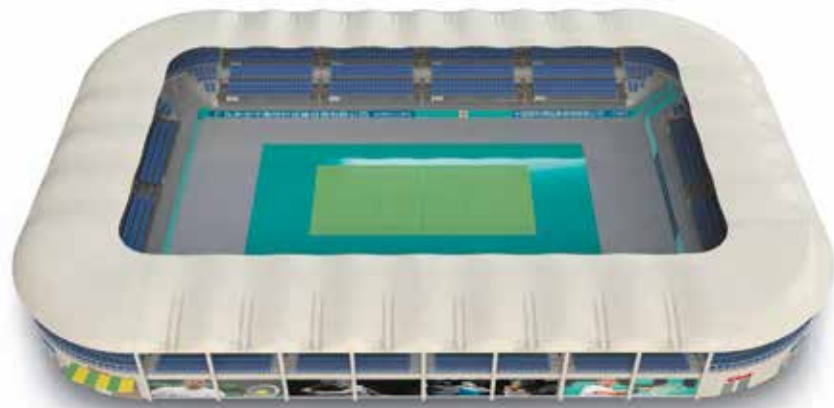

The 40ft standard grandstand offers 68 covered seats and can be extended as well in height as in length up to 3 levels high within the standard footprint of the first layer.

This offers unknown possibilities for creating a complete stadium or a concert hall for a festival!

UNIT45 rents out modular grandstands to sport clubs and for events. Periods of a couple of days up to long-term rent from 4 up to 8 years are possible.

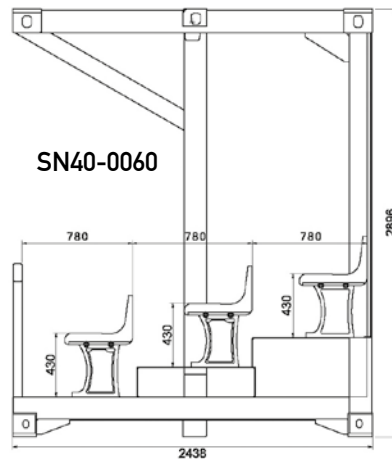

The grandstands have solid construction and comply tot the latest FIFA application- and safety standards.

Since the introduction end of 2014, grandstands have been rented to football clubs and used for several events in the Netherlands, to great satisfaction.

GRANDSTAND FOR ASSOCIATIONS

Sport clubs want to offer the spectators comfortable and covered seats with a good view of the playing field. To realize this a high investment is required for a fixed grandstand. This is why many associations put off placing a new grandstand or replace an existing one. Furthermore there is a lot of insecurity about

the future of the club, with regards to its location or playing classification. The modular grandstands of UNIT45 are the ideal solution for these situations.

Interested? Contact UNIT45 for a solution for your club!

- NO HIGH INVESTMENTS
- LONG TERM RENT WITH AN APPEALING RATE PER MONTH
- CAPACITY CAN BE EXTENDED
- SOLID CONSTRUCTION WITH A LONG LIFETIME

GRANDSTAND FOR EVENTS

UNIT45's modular grandstand system is the best solution for realizing (covered) seats at a temporary location. The system permits to place grandstands with a large capacity in a short time. Because the grandstands are stackable, a height of 3 levels can be achieved.

A single grandstand with a capacity of 68 seats, a concert hall for 250 guests or a complete stadium for 5000 spectators, all is possible!

Interested? Contact UNIT45 for realizing your event!

- SHORT SETUP-TIME WITH APPEALING RENTAL RATES
- REALISATION OF A TEMPORARY STADIUM OR CONCERT HALL AT YOUR EVENT
- DIVERS COMBINATIONS AND DIMENSIONS POSSIBLE DUE TO MODULAR LAYOUT
